

Cosmo Tedone, Premier DUI Attorney, Advanced Level Training on How to Beat a Radar Enforced DUI/Traffic Stop

Cosmo Tedone of Joliet, Illinois recently received advanced level training, from the American Association of Premier DUI Attorneys, on How to Beat a Radar Enforced DUI/Traffic Stop. Cosmo received training on how to try the radar machine. The training included Pre-trial Motions, Jury Selection, Opening Statement, the Testimony of the Peace Officer, Cross-Examination, where to incorporate 3 drawings, and the Closing Argument. This training was developed by George Long, an Executive Member of the Association, whose office is located in Odessa, Texas.

The American Association of Premier DUI Attorneys has compiled information from Judges, Traffic Safety Resource Prosecutors (the Top DUI Prosecutors in each State), DUI Prosecutors, current Law Enforcement Officers, former Law Enforcement Officers, and DUI Defense Attorneys to determine exactly what skills, knowledge, training, tools, resources, and strategies win the most DUI cases at trial and are also used to get DUI cases successfully resolved for the defense prior to trial.

When people need a DUI Attorney, the biggest challenge is knowing whether or not an attorney truly has the skills, knowledge, training, tools, resources, and strategies that are needed to successfully resolve and win DUI cases. Countless attorneys handle DUI cases. But, only a very small percentage have the skills, knowledge, training, tools, resources, and strategies that are needed to successfully resolve and win DUI cases.

Members of the American Association of Premier DUI Attorneys have received advanced level training on the strategies that win the most DUI cases at trial and are also used to get DUI cases successfully resolved for the defense prior to trial. Members of the American Association of Premier DUI Attorneys also have access to the resources and tools that are used to win and successfully resolve DUI cases and these are resources and tools that only a very small percentage of DUI attorneys have access to and use.
